WORTHINGTON'S ONE IDEA

HIS OBSESSION OF USE A SERVICE OF THE STATE.

Confidential Attempts to Use Evidence in the Cases to Further Their Ends—Don't Allow the Case of Allen or Conviction of Simmons—The Democratic Search Can Work in Schemes a Source Greater to the Members in Indictments Pointed Out.

Peoria, Ill., Jan. 4.—[Special.]—The examination of witnesses by the Democrats in the Fair Worthington record today was a search to figure in the old election and connected. The election judges, one from the Eighth and one from the Sixth Ward, were examined. Each testified that the election in the precinct was fully and legally conducted, and that the ballots were properly counted, canvassed, and delivered to the County Clerk. On cross-examination by Fair's lawyer it was developed that they also voted for Worthington. When County Clerk Pickett was examined he testified that he received from ballots properly counted, from the proper election officers, and that they had not been tampered with since they came into the possession. At this point of the examination, without a particle of proof going to show either complicity, negligence, or inferentially Worthington's innocent participation, a demand for a recess, Gen. Fair promptly responded, as the evidence showed that nothing was wrong where the ballots came into the Clerk's possession, if tampered with it had been done, and on the further ground that no proper case had formed for any counsel had been made either by Congressman or any court, and held that this was simply a contest of Worthington through his attorneys. The Circuit Clerk was sworn to produce the record of the Allen case, and on the morning took the advice of Judge Shope, and will appear in the morning. It is very plain now that Worthington Fair has resort to every way of the obligations, and is simply working for a case to be used in the Congressional contest. Worthington has the official call of indictment in the Allen County case would begin next week from today.

SATURDAY'S.

The Colonial Conference Votes the Bale of Office.

St. Paul, Minn., Jan. 4.—[Special.]—Mayor Ames came down from Minneapolis today and was sworn in as Governor of the State. He appeared before Judge Carr of the United Court and took the following oath:

I, A. A. Ames, do solemnly swear that I will support the Constitution of the United States, the Constitution of the State of Minnesota, to the best of my ability, so help me God.

The going into a police court to take the oath of office of Governor is regarded as to-day as the most remarkable proceeding that has occurred in the history of the State. The ceremony was performed in the office of Commissioner Brown, in the City Hall, and was witnessed by a number of prominent citizens. Gov. Ames will occupy the executive chamber in the State Capitol building, but will not move his family from Minneapolis for some time.

Gov. Ames will appoint Judge Carr Attorney-General, and Judge Flandrau will be appointed Associate Justice of the Supreme Court to succeed Judge Ames. Gov. Ames will appoint Judge Carr Attorney-General, and Judge Flandrau will be appointed Associate Justice of the Supreme Court to succeed Judge Ames.

Candidates for the Speakership.

Madison, Wis., Jan. 4.—[Special.]—Hon. A. Hayes of this city is positively spoken of as a candidate for the Speakership of the Lower House of the General Assembly. It is understood, from the best information to reach us, that the Legislature will be a very close one, and that the support for a prominent citizen and a true light in politics, Mr. Hayes's strength centered in this race in the Democratic caucus, to be held tomorrow evening. [Mr. Hayes is a merchant of Janesville, Rock county.]

Election of the Legislature Committee—Weekly Reports.

Sacramento, Cal., Jan. 4.—[Special.]—The Democratic caucus of the Assembly this evening selected the following committees:

AMONG THE RAILROADS.

FINAL EFFORTS TO FORM A NORTH-WESTERN PASSENGER POOL.

The Temporary Agreement to Expire Jan. 15—Probability of a Rebate War on Business Between Chicago and the Seaboard—Opposition to the Commission—The Western and Southwestern Passenger Pools—The Failure to Organize a Lower Rate Central Body.

A final effort will be made today by the committee of General Managers of the roads interested in Northwestern passenger traffic to bring about an agreement for the pooling of that traffic. The temporary agreement under which that traffic has been running expires Jan. 15, and unless a pool is formed before that time, of the temporary agreements already in force to grow out of the failure of a former one no passenger traffic from Chicago to Council Bluffs, Omaha, Sioux City, St. Paul, Minneapolis and St. Paul will be handled by the lines between Chicago and St. Paul. All the details of the present pooling agreement have been agreed upon at the last meeting, excepting the question of allotment of percentages. All the roads except the Rock Island consent to be bound by the percentages fixed by arbitration, but the Rock Island would not submit to the proposition, demanding that only the percentages of the last year made, which have no particular relation to later percentages, be fixed by arbitration, and that the percentages of the old roads be fixed on the same plan. The Rock Island's proposition, of course, left the Chicago & Northwestern (Omaha connection) in such a position that the percentage of the Omaha line would be less than it would be if the percentages were fixed on the basis of the last year's business, which would give the percentages of the Chicago & Northwestern (Omaha connection) much more than it would be entitled to if the percentages were fixed on the basis of the last year's business. Every effort has been made to induce the Rock Island's proposition, but without success, and it is the belief that unless the latter changes its position there is no prospect of an agreement.

There is another complication to be considered, which is the question of the Wabash's participation in the pool. The Wabash has been in the pool from the beginning, but now it is proposed to take it out, and to make a pool between the Chicago & Northwestern (Omaha connection), Chicago, Milwaukee & St. Paul, Chicago, Milwaukee & St. Paul Railway's proposition, and

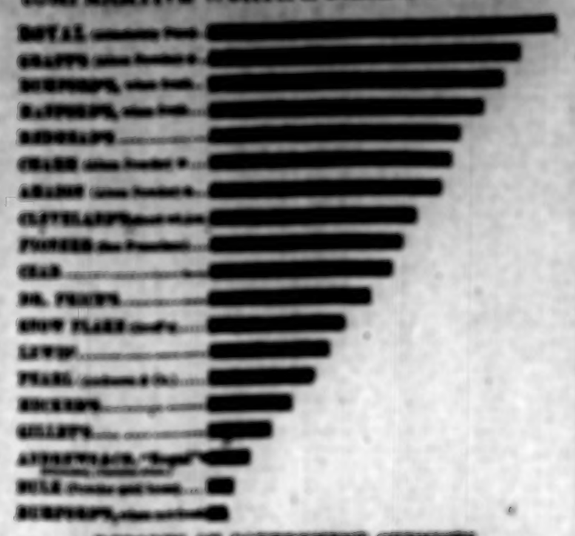
COMPARATIVE WORTH of BAKING POWDERS.



REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"The Royal Baking Powder is composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and free from ammonia, alum or phosphates, or other injurious substances. E. G. LOCKE, Ph. D."

"It is a admirable fact that the Royal Baking Powder is absolutely pure. C. A. DOREMUS, Ph. D."

"The chemical tests to which I have submitted the Royal Baking Powder prove it perfectly healthful, and free from every objectionable substance. "Dr. ANDREWS, A. M., Ph. D."

NOTE.—The above Diagram illustrates the comparative worth of various Baking Powders, as shown by chemical analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power of volume in each can calculated, the result being as indicated. This practical test the world by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any intelligent person of these facts.

Where the diagram shows some of the other powders to be of a higher degree of strength than other powders quoted, it is because such powders contain a large percentage of alum, which, as stated by the Government chemists, is a cheap and injurious substance, and should not be used in the preparation of food.

Paternal Impressions

Linger with us oftimes for many years, their force and urgency being unquestionable. Would that it were in our power to impress on your minds to an enduring a manner the merits of our methods and reasonable offerings. It's in our minds today to do you some good with those extra long, wide-collared, double-breasted Fur Beaver Ulsters or Storm Coats, ranging in price from $7.50 to $30.00.

Take them for nothing if they are not honestly worth every cent we ask for them, or take them at our price and compare with others for the sure basis of our claims, always remembering that Qualities, Workmanship, and Prices are guaranteed here, or money refunded if desired. As a special pointer to the fine trade we want you to ask for the

Imported Genuine Irish Frieze Ulsters, which we somehow can't help thinking are the best garments of the kind in the city today.
